### Texas Will Host National Donkey, Mule Show at Dallas

The Texas State Fair will be graced  
by a larger and more diverse mule and  
donkey show than ever before in 1978.  
The American Donkey and Mule Society  
National Show is being hosted by the  
Southwestern Donkey and Mule Society  
and the State Fair of Texas, October  
21, 22, 1978.

This is planned to be the largest and

### August Red Meat Production Declined

Washington, Sept. 21 (USDA) - Com-  
mercial red meat production for the  
United States in August 1978 totaled  
8.27 billion pounds, down 4% from Aug-  
ust 1977, according to the Crop Report-  
ing Board. January-August total red  
meat output at 25.2 billion pounds was

### Swine Inventory Sept. 1 Reflects Stable Supplies

Washington, Sept. 20 (USDA) - In-  
ventory of hogs and pigs on Septem-  
ber 1, 1978 to the 14 states conducting  
quarterly hog surveys was estimated at  
45.9 million head, 1% below a year  
earlier but nearly equal to two years  
ago, according to the Crop Reporting  
Board.

### NCA Criticizes EPA's "Public Participation" Proposals, Payola Seen

Washington - Charging that the  
proposals could develop into a form of  
"payola," the National Cattlemen's  
Assn. today voiced strong opposition  
to federal government plans to use  
taxpayers' money to finance and sub-  
sidize so-called "public participation"  
in the rule-making process.

NCA's comments were part of a  
statement sent to the Environmental  
Protection Agency proposing

### Pan-Am Livestock Expo Features Will Include Cattle, Horses, Mules, Dogs, Donkeys, Sales, Shows, Top Rodeos

Dallas - While the Pan-American  
Livestock Exposition and Junior  
Livestock Show set records in shows  
and sales at the State Fair of Texas  
"Celebration-Texas Style," October  
22, exciting contests between mules,  
donkeys and sheep dogs will add fun  
and entertainment.

Annually breeders and business men  
fly from over the world for the events  
in the enormous streamlined modern  
Livestock Pavilion and cattle building,  
a fitting showcase lighted to show the  
true colors of the animals and ven-  
tilated for livestock comfort.

The Santa Gertrudis show will be the  
largest ever held in the world. The  
Brahman is second largest and the  
record-breaking Dairy Show will ex-  
ceed 800 head.

The Pan-American will have nine  
breeds of beef cattle on display and six  
unbreeds, beef, also. October 6-10,  
Dairy cattle will include Brown Swiss,  
Southwest Regional Holstein, Jersey,  
Guernsey and Milking Shorthorn  
breeds, October 12-15. During these  
dates visitors can view the second Na-  
tional Chienina Show and Sept. October  
12-15, and the Simmental which has its  
own classification for the first time.

Larger groups of sheep, swine and  
Angora goats will be on display, Oc-  
tober 7-15.

Rural Youth Day, Saturday, October  
14, will bring some 60,000 youngsters to  
the fair grounds as they  
march, sing and stuff on cat-a-you-go  
lead between thrilling Midway rides.  
This bonner day follows the Friday, Oc-  
tober 13, Honor Award dinner at 7 p.m.

At the State Fair Rmalo in the  
Coliseum Oct. 7-15, Lorry Mohnn,  
world champion super star, will pre-  
sent his Remblin Hodeo Revue eight  
club set of cowboy acrogs as a added  
attraction. More than 500 cowboys  
and cowgirls of the Professional Rodeo  
Cowboy Assn., whose bull riding, broce  
bustin', calf roping and barrel racing  
will earn more than \$50,000, in prize  
money will compete.

During the traditional State Fair  
Livestock Show in the Coliseum, Oc-  
tober 5-22, in which riders perform with  
pride and for pleasure, horses will be  
judged on performance, speed, mon-

### Fed Cattle Uneven, Near Steady at Major Markets Monday, Hogs Easier

Slaughter cattle supplies were a few  
hundred below those of a week earlier  
on Monday and hog numbers were up  
about 3,500 head. Trade in most cat-  
egories were confined to rather nar-  
row ranges, with fed cattle steady, to  
work at most points and pretty much  
the same picture was noted on slough-  
ter hogs. Cows and bulls were gener-  
ally steady to stronger, some spots  
higher. Price trends, quotations on  
hedge and prime steers and hogs  
and the mixed good and choice grade  
and on U. S. 1-3 hogs selling mostly 200  
to 280 pounds included:

Steers \$52.50 to \$56.50 and \$62.50 to  
\$54.25; heifers \$50.50 to \$53.50 and \$49  
to \$51.50. Hogs firm to 25¢, spots 50¢  
higher at \$50 to \$52.

St. Paul fed cattle steady. Steers \$53  
to \$53.50 and \$52 to \$53; heifers \$51.50  
to \$53 and \$50 to \$51.50. Hogs steady  
to 50¢ lower at \$50 to \$51.50. Sioux  
Pella steers 50-75¢ lower, heifers 25-50¢  
lower. Steers \$53.25 to \$54.50 and  
\$52.25 to \$53.25; heifers \$51.50 to \$53  
and \$50.25 to \$51.75. Hogs steady to  
25¢ lower at \$50 to \$52.50.

Omaha: steers 50¢ to \$1 lower and  
heifers 50-75¢ lower. Steers \$54 to  
\$55.50 and \$53.50 to \$54.25; heifers \$51  
to \$53 and \$49 to \$51. Hogs steady to  
25¢ lower at \$50 to \$51.50. Sioux City  
fed cattle weak to 50¢ lower. Steers  
\$54.00 to \$55.50 and \$53.75 to \$54.50;  
heifers \$51.50 to \$53 and \$50 to \$51.50.  
Hogs steady at \$50.50 to \$51.75.

Lot of glances steady to weak and hol-  
ders steady to firm. Steers \$54 to \$55  
and \$52 to \$54; heifers \$51 to \$53.50  
and \$48.50 to \$51. Hogs weak to 50¢  
lower at \$49.50 to \$51.25. Peoria fed  
\$49.50 to \$51.25.

ners, quality and conformation. Grand champion awards and ribbons will be presented to winners in classes for pleasant Riding Horses, Open Cutting and Quarter Horses, Appaloosas, golden Palominos, colorful Paint Horses and graceful Arabians. The Pony of Americas shows for small but majestic Appaloosas will be Sunday, October 16. The first National Donkey and Mule Show, October 21-22, will include a Mule Pulling contest, halter and fun classes. Trophies from the Southwestern Donkey and Mule Society will be awarded to the Mule, the Donkey and the Youth of the Year.

The 250-acre park is being readied for some 3,000,000 expected visitors who will celebrate at the Pulitzer prize-winning musical, "A Chorus Line" in the Mule Hall, outdoor stage entertainment, college football games, the colossal 1979 Automobile Show, parades, fireworks displays, the daily 3-ring circus, contests and exhibits galore with more than 200 food stands.

best organized National Show in the 8-year history of the event. Entries are expected from all the Southwest states, and from as far away as Georgia, Montana, California and Oregon, as well as many Midwestern states. Over 60 classes in two days will represent almost every facet of donkey and mule activity from pleasure riding to packing.

The mule judge is Ralph Chaffin of Blackwell, Ind. Chaffin has reared, shown, and judged mules and jackstock all his life, and has judged several of the National Shows in the past. His opinion is highly respected and much sought after.

Donkey Judge is Leon Clark of Marlinville Ind. Clark has raised, judged and shown Shetland ponies, dokeys and mules for many years. He was an original board member and one of the

founders of the American Donkey and Mule Society and the A.D.M.S. National Show. He has hosted the show many times in his home community and at his farm.

The American Donkey and Mule Society National Show is the only donkey and mule show which is sponsored and sanctioned by a National donkey and mule club. This club was founded in 1988 and has worked, in cooperation with the regional clubs such as the Southwestern Donkey and Mule Society, to develop the donkey and mule as a recreational animal.

## October Designated Cooperative Month

Austin-October is Cooperative Month in Texas and across the nation as proclaimed by most of the country's governors. Governor Dolph Briscoe, in his official proclamation, urged the people of Texas to give special recognition to the cooperative and responsible roles of agricultural cooperatives in the economic progress of our State.

"Texas has more than 400 cooperatives operating and serving over 180,000 members", according to Bruno Schroeder, Executive Vice President of the Texas Federation of Cooperatives. "These cooperatives are doing a business volume of almost 1.7 billion dollars annually", he said.

Cooperatives in Texas range from farmer-owned grain elevators and companies to marketing, supply and credit organizations. Health, housing, insurance, electric, telephone and other service cooperatives are becoming more and more important to all Texas citizens.

"Cooperative Month", said Schroeder, "is a good way to remind the people of Texas just how important cooperatives are to our well-being."

## THE SIX ESSENTIALS OF BEEFMASTERS

1. FERTILITY
2. WEIGHT
3. DISPOSITION
4. MILK PRODUCTION
5. HARDINESS
6. CONFORMATION

The Hix Ranch classifies all of its Hix Mixer cattle itself using the six essentials laid down by the Founders-fertility, milk production, weight, hardiness, disposition and conformation. We believe there is no man who can look at a 12-month-old heifer and tell whether or not she possesses these six essentials. Therefore, our classification (since it is voluntary) is the Hix brand and our prefix name, Hix Mixers. We stand on behind four generations of conformation. Our cattle are what we say they are and what you say they are by seeing our herd and putting your own classification and price on them.

**LJ Bar Beefmaster  
2-Day Sale Is Record,  
Grosses \$518,275**

Pleasanton, Texas — The LJ Bar Beefmaster Sale turned out to be a history-making sale by being the first half-million dollar sale in the history of the Beefmaster breed. Capacity crowds from several states and Mexico attended the two-day sale at Bert & Ruhen Reyes auctioned 254 lots for \$518,275 to average \$2,040. Lao A. Jeak, owner of LJ Bar Beefmasters stated that the large crowd and excellent prices is an indication of the tremendous acceptance that the Beefmaster Breed has among both the purebred breeders and the commercial cattleman of the U. S. and Mexico.

The highlight of the auction was the sale of 22 cows with halter calves at side for an average of \$3,010. Twenty cows with bull calves at side for an average of \$3,332. The 37 open yearling heifers averaged \$1,540; top ten pairs averaged \$4,240; and top 25 pairs averaged \$3,332.

Some of the great ranching families in the United States and Mexico purchased the 121 bulls in the sale for an

average of \$1,930. The high selling bull went to Wicker Beefmasters of Beeville, Texas for \$15,000. Williamson Beefmasters from Alabama purchased a hard bull prospect for \$7,900. Mickey Johnson from Comanche, Okla. purchased two bulls for \$3,500 and \$2,500 each. Gene Thompson from McNeil, Miss. purchased two bulls for \$3,000 and \$2,400. Rancho La Perle purchased 20 bulls with a high individual at \$3,900. Eorique Gerela of Conception, Texas purchased a young bull for \$3,000 and Stacy Beefmasters of Big Foot, Texas bought one for \$2,700. Barry Beefmasters of Corpus Christi purchased five hard sire prospects for an average of \$2,000. The top ten bulls averaged \$4,730. The top 25 bulls averaged \$3,250 and the top 50 bulls averaged \$2,530.

The high selling pairs went to 4L Beefmasters of Senda, Texas for \$6,400. The high selling bred female sold for \$3,050.00 to Lezy M Beefmasters of Mabank, Texas. The high selling open heifers sold for \$2,000 each to Thompson Bros. of Louisiana, and Everett Beefmasters of Corpus Christi. A. J. Rod of Houston was a major female buyer.

Major buyers of the sale were: Dun

**Pioneer Santa Gertrudis  
Breeders Assn. Sale  
Scheduled Oct. 5**

Agua Dulce, Texas — The Pioneer Santa Gertrudis Breeders Association has scheduled Thursday, Oct. 5, as the date for their annual sale. The setting for this prestigious offering of high quality animals will be the historic Rancho La Puerta de Agua Dulce, located near Agua Dulce, Texas, which is owned by Mr. and Mrs. Belton K. Johnson.

For many years this sale has been recognized as one in which only the extreme tops from the herds of Association members have been consigned and sold. According to B. K. Johnson, "The ten breeders providing cattle for this sale do so with the full realization of the high standards of quality set by the founders of the Association. They are all dedicated to the improvement of Santa Gertrudis cattle and have committed themselves to selling the best sixty animals available, including herd bull prospects and replacement females."

The Pioneer Breeders consigning cattle are as follows:  
Briggs Ranches, Chaparral Ranch, Connally Ranches, El Colina Ranches, John Martin Ranch.

## National 4-H Week Scheduled Oct. 1-7

Nearly 6.5 million young people across the nation—more than 100,000 of those in Texas—will observe National 4-H Week, Oct. 1-7. Activities will center on the theme, "4-H—Freedom to Be."

President Jimmy Carter called the theme "most appropriate for a program which is reaching out to all young Americans—rural and urban—from every cultural, economic and social background."

"For many," he said, "4-H is opening doors to a lifetime of personal growth and fulfillment in learning by doing, through educational projects and through community involvement of."

"National 4-H Week is set aside annually by the Cooperative Extension Service to focus attention on the values of 4-H as an informal educational program for boys and girls 9 to 19 years old," said Dr. John T. Pelham, state 4-H and youth leader with the Texas Agricultural Extension Service.

"The program's learning-by-doing philosophy encourages young people to acquire real life skills and develop citizenship and leadership abilities," noted Pelham.

Most 4-H members are enrolled in locally organized clubs on a year-round basis. Others take part in 4-H through special interest groups, nutrition education programs, instructional television, international programs, short-term activities and camping.

## Stuph & Thangs

(CONT. FROM PAGE 1A)

Arabs. Sadat is still playin' his cards close to his vest and it appears he will get back some big chunks of territory now held by Israel and may well finger half a loaf beats nuthin'.

So much for Carter's Mideast "Dream". It seems obvious that the Israelis have no intention of givin' back any of the better real estate they won in the 1967 war and while some progress has been made the Arabs & Israelis ain't about to kiss & make up any time soon and the 2,000 Years War is still alive & kickin'.

All the time this was goin' on the civil war in Nicaragua was windin' down with dead rebels all over the landscape and President Somoza appeared firmly in the saddle again. This is another interesting bit of turnin' policy, since until Carter came on the scene Somoza had been considered a strong American friend and had been gittin' all kinds of aid, includin' guns and tanks. He had been considered a safeguard agin any possibility that Castro & Cuba might get a foothold there and some knowledgeable people consider this revolt as Cuba's fine Indian hand med-din' agin.

There is much weepin' & wallin' over the slaughter of the rebels and innocent bystanders, but it is one of the unfortunate facts of life that when you start shootin' at somebody, there is always the possibility they will shoot back. In which case, your chances of gittin' shot at & hit are better than average. It appears Carter has been tryin' to squeeze Somoza and promote the civil rights ideas in Nicaragua and now we have another nice mess in furin affairs to try to straighten out.

Sutin' in on other country's private problems and fuxses is a whole lot like intervention in a battle between a husband & wife. Your chances of improv'n' the situation are slim & none and you are also likely to come outta it with less than whole skin.

Ever thins.

P.S.: Uoble Dunh advises not to make any plans on spendin' your Tax Cut money jlet yot. Th' way Congress is goin' about this it'll jlet be another transfer of funds. They will take a little less here and take a little more there and th' money countin' good, but you can't put it in th' bank. Dunh says where some of th' Big Labor boys are threatenin' to pull their pension funds outta banks & companies in efforts to slow industry moves to more favorable locations and to help organize some big non-union plants. If th' Union Bosses start makin' their own Pension Funds it'll be bigger and better replay of th' Teamster Pension Fund reids. Rank & file workers had better watch this one closely. Dunh figgers th' way Carter's social & business reformers have tried to run roughshod over everybody is probably one of the best ideas thins that ever happened. People polied say there is too much regulation and too much unnecessary regulation. Th' margins are from 53% to 87% in favor of less Bureaucratic bossism. Another miracle — Theasall, Brothers.

**NCA Criticizes EPA's  
"Public Participation"  
Proposals, Payola Seen**

(CONT. FROM PAGE 1A)

relative to "improving EPA regulations." NCA President Richard A. McDougal said the proposals could result in "prejudicial and encumbered testimony under the guise of public input" - to say nothing of still more costly government bureaucracy and red tape. He also questioned whether parts of the public participation plans were even legal or in compliance with Congressional intent.

McDougal noted the value of improving and making more democratic the rulemaking process. However, he added, "giving the people the opportunity to participate is one thing, while end requests for advance registration and A&O Village Hotel reservation cards should be sent to Brahman Clinic V, Rt. 2, Box 232, Wherlos, Texas 77488. Further information is available from Joyce at that address, or by calling 718/387-2212 or 718/342-2035.

subsidizing such participation with tax dollars is quite another. NCA is unequivocally opposed to the latter because of the inherent danger and precise embody for the democratic process.

The EPA proposal would include financial aid for costs incurred in presenting views, organizing public meetings and collecting more comments. A danger, McDougal said, is a perversion of powers. An administrative would be free-in fact, encouraged to subsidize advocate points of view and build a prejudicial and encumbered record under the guise of encouraging public input. Furthermore, there is an obvious opportunity to subsidize the existence of advocate individuals and groups through consulting fees and grants of financial aid. In its simplest form, this type of subsidization could lead to "payola." In its more extreme form, it can seriously erode the freedom upon which this country is built.

"Adopting the stance and form of the proposal will build a body of professional flunkies who utilize the treasury to pay for expressing their particular points of view. Public input should not be used to pay the expenses of self-proclaimed experts, consumer or environmental activists, so-called 'poor' people or 'small' operations, or any other such individual or group any more than public monies should be used to pay expenses of established organizations, like NCA, which speak for small, medium, or large operations and interest groups. The individuals involved in these groups are partly and others who wish to be heard should be treated on the same basis. After equal treatment is a requisite of democracy.

"NCA takes the position that all citizens should be given the opportunity to speak and appear before the government, but the government should not pay some of us to do so." NCA recommended dropping the current plan for "public participation" and assigning to an existing staff position at the Secretary level the duties of working with the various agencies to assure that the public is given an opportunity to participate.

was 3% higher than a year ago and above two years earlier.

Market hog inventory totaled 411 million head, 1% below both last year and two years ago.

The June-August 1978 pig crop in 14 states totaled 18.7 million head, slightly below the previous year but 2% above two years earlier. There were 2.60 million cows farrowed in these states during this period, usually unchanged from the corresponding period in 1977 and 3% above the June-August 1973 period.

Litter size averaged 7.20 pigs for the three months, compared with 7.23 a year earlier and 7.32 for the same period two years ago. A smaller litter size combined with conception problems reduced the expected pig crop for this quarter.

Producers in the 14 states listed have 2.64 million sows farrow due the September-November 1978 period, 3% more than a year ago and 8% above the 1976 period.

Farrowing intentions for the December 1978-February 1979 quarter are placed at 2.26 million cows 8% more than a year earlier.

**"Three out of  
four carry  
Brahman blood."**

That's what Weldon Vann of Vann-Roach Cattle Co. says about the cattle that are bought for their customers in Western states. "These customers will pay a premium for the crosses during the summer months. The crosses seem to be hardier, faster growing type animal, especially during extreme hot summers. We're also sending a greater percent of crosses to places like Kansas, Colorado, Nebraska and Northern Oklahoma. On our personal cattle we try to buy cattle with some Brahman influence. We have found a good market outlet for these type of animals."

Vann-Roach Cattle Co. of Fort Worth is one of the largest order buyers in the country and will handle about 300,000 head this year. This firm buys only on order, never on speculation, using their own buyers at at least 15 markets per day.

**AVOID CHANGING WELL LEATHERS  
FOR MANY YEARS**  
Perma-cups are molded urethane,  
more wear resistant than nylon.  
Perma-cups will outlast leathers 10  
to 1. Their tapered design allows only  
1/8" wearing, instead of 5/8" of a leather  
that. Much less friction for easier  
pumping extends cylinder life greatly.  
Perma-cups must be used in a good  
or new cylinder, as they do not swell.  
Install Urethane Perma-cups, Urethane  
Check-balls, and Urethane  
Pump Rod-guides, and don't buy  
that well for many years. Thousands  
are in wells that have not been re-lea-  
thered in 5 years! All are available in  
standard cylinder and pipe sizes. Write  
or call for our catalog. We ship same  
day order is received. This is our 28th  
year serving ranchers.

LB Liliana 120/6, a September 1976 daughter of DLC Mr. 75/3, could be a welcome asset to your present cow herd. This tremendous heifer is safe in calf to Mr. JNH Tom 68/3 (a full brother to Tom Tom 68/2 — CMS). This year he outperformed all other Leonard Brangus herd bulls by siring the heaviest weaning calf crop to date! Watch for this bred female to sell at the Pan American Brangus Classic, Oct. 6, at Dallas, Texas.

# Would an Unbelievable product make a believer out of You?

## The Product is KaMaR

It has made believers out of thousands of beef and dairy breeders throughout the world who have put it to work to detect heat with the kind of accuracy that assures a successful A.I. season.

## Try it. You'll believe!

Take the work and worry out of heat detection. Discover how A.I., together with KaMaR's "unbelievable" accuracy, will put your herd on the producing team.

## Save Time! Save Money!

Time is money. KaMaR cuts "heat watch" time, saves manpower. Check only mornings and evenings for red detectors to let you know when cows are ready to be bred.

KaMaR's the proven one. Quick, easy and low cost. No altered bulls to buy and feed. No ink wells to fill. Apply at start of breeding season. Watch for red detectors.

Put yourself on the Producing Team. Send coupon today, or see your A.I. technician.

## Rangelands Improvement Clears Committee

Washington—The Senate Energy and Natural Resources Committee has approved a bill to provide for a method of determining the value of public lands for grazing on public lands. The bill, which authorizes the federal funds for "improvement of public rangelands," is strongly supported by livestock organizations. Speaking for the National Cattlemen's Assn., Public Council, and National Wool Growers Assn., Ronald A. Mitchell, head of the committee, said the bill will not stop toward passage of the bill before Congress adjourns in October.

### Flying V Simmental Sale Sept. 30 Has Two Polled Heifers

Decatur, Texas — Myrt and Sue Vittow, owners of Vittow Flying V Ranch, will be hosts to their sixth Simmental production sale and second purebred and fullblood Simmental sale on Saturday, Sept. 30, beginning at 1 p.m. at the ranch four miles northwest of Decatur on U. S. Highway 287, or 89 miles northwest of Fort Worth.

The sale offering is a choice selection of purebred and fullblood Simmental. Myrt Vittow said, "The quality is even better than we have always had in our past sales."

Included will be three fullblood bulls by Signal and Abreot; one 81/82 purebred bull; one 16/18th purebred bull; nine fullblood 100 percent Simmental cows with calves; five fullblood 100 percent bred cows; two 100 percent open yearling heifers; four bred 15/16th purebred cows; two 100 percent open yearling heifers; four bred 15/16th purebred cows; ten even-eighths purebred cows with 16/10ths calves; 25 seven-eighths purebred bred cows; seven purebred 7/8ths open heifers and two polled scurred heifer calves at the side of their dams.

One of the many things for which the Vittow sales have become noted is having all American Simmental Association registration papers at the sale site, ready for transfer to the new owners.

Vittow Flying V Ranch is completely modernized including a comfortable sales ring and telephone, 817/827-2834, for call-in bids or for use of buyers at the sale. A 2,000 foot sod landing strip for light planes to land and taxi to the sale barn, and ample pens for quick and thorough inspection of the cattle prior to the sale.

The Vittow said persons flying into Dallas-Fort Worth Regional Airport will be picked up and returned if arrangements are made in advance. Arrangements with reservations at the Starlight Inn (CONT. ON PAGE 6B)

Polled heifer that brought \$9,000 at Alexander Ranches "Classified" Sale is shown with (from left) Hal Wittbank, manager — Villa Grove, Colorado unit; Gressien Alexander, Glenn Alexander, Allstar Hunter, manager — Cornie Ranch Ltd., Tomahawk, Alberta (buyer) and G. D. Wheatley, general manager — Alexander Ranches.

### Polled Heifer Brings \$9,000 at Alexander "Classified" Sale

Cornie Ranch Ltd., Tomahawk, Alberta, paid \$9,000 for a five-month-old Simmental heifer at the Alexander Ranches "Classified" Simmental Production Sale, September 3 at Dekalb, Texas. Cornie Ranch Manager Allstar Hunter successfully bid for the polled heifer, one of the first polled Simmental females by Polaris to sell in North America.

Hunter said that Cornie Ranch, owner of the great Simmental sire Signal, was delighted to get the Alexander heifer and was looking forward to using her in its breeding program. The young polled heifer is out of an 8-16th import cow, Klara, and will stay at the Dekalb ranch until she is ready to go to Canada.

The "Classified" Sale was the scene of one of the largest fullblood Simmental bull sales ever held as 62 future Simmental bulls were sold.

### Replacement Cattle Prices More Stable During Past Week

St. Joseph, Sept. 22. (USDA) — National feeder cattle and calf receipts this week 265,800 compared to 286,500 last week and 286,000 a year ago. Prices for feeder cattle and calves entered a relatively calm during this past week on Feed Report week following a month of sharply higher prices. According to the USDA Livestock Market News Service, feeders across the nation exhibited some unevenness but most reporting points ranged within a steady to 1.00 higher. Instances 2.00 higher trend.

Some weakness did develop in certain areas however. Kansas City had buyers over 600 lbs. 50-1.00 lower and west Fargo steady to 1.00 lower. Iowa had feeders under 700 lbs. steady but over 700 lbs. steady to 1.00 lower. Tennessee was steady to 4.00 higher on steers but buyers moved steady to 3.00 off.

To fully confuse the issue, the South-east was steady to 2.00 lower and as much as 4.00 lower in Georgia and South Carolina under 600 lbs. while all weights in Mississippi and under 900 lbs. in Alabama were steady to 2.00 higher; heifers add steady to 1.00 higher, some 2.00-6.00 higher. On the other hand Amarillo had steers under 600 lbs. 2.00-4.00 higher while Dodge City add steady to 1.00 higher.

Just ask Shorthorn producer Bob Fuller of Stearnsboro Rock, Iowa. He reports bulls that are born uncircled, that weigh at 516 pounds and that gain 4.20 pounds per day on a 140-day test, and that weigh 1,189 pounds at one year.

Shorthorns have always had the ability to grade choice, so when you put it together here is a breed that does it all.

Through the efforts of ASA's advancement programs and study and research by individual breeders Shorthorns' improvement strain is increasing all the time.

No fills... no fancies. Just a breed that means higher profits for you.

And that's no bull!

### Take Diet-Health Matters Out Of Political Arena, NCA Speaker Says

Peoria. — Persons and businesses involved with animal agriculture should do everything possible to get diet health matters out of the political arena and back into the scientific arena, a National Cattlemen's Assn. spokesman said recently. The comment was made by John Smith, Mendenhall, Fla. chairman of NCA's product research, promotion and consumer relations committee, in a talk at a national agriculture seminar sponsored by the Illinois Grain & Feed Assn. and the University of Illinois animal science department.

Smith cited the confusion among consumers caused by conflicting statements made about the effects of diet including consumption of beef and other animal products, and she added: "I think the consumer, as well as animal agriculture, would be best served if all of us made an effort to get the whole matter of diet and health out of the political and editorial arena and back into the scientific arena."

"Let's let scientists — impartial scientists — come up with the basic facts. Let's see that the public eventually gets these facts. And then let's permit a free economy to respond to the choices that are made," she said.

Mrs. Smith was critical of those who have been recommending reduced consumption of meat in the face of growing evidence that widely held theories about meat type of fat and heart disease and cancer are not scientifically valid. She also was critical of moves toward public policies which would have government telling people what to eat and not eat, and telling farmers what to produce and not produce.

The proposed new Beef Research and Information program — to be voted on by cattlemen at some future date — can help bring the type of scientific information and information dissemination that are needed, Mrs. Smith said.

She noted that funds generated through the self-help, uniform collection plan could be used to support independent diet-health research and demand research. The funds also could finance needed product development, motion.

Mrs. Smith cited consumer attitude studies suggesting a growing disorientation with all of the talk against meat.

Chickasha, Okla. — The Central Oklahoma Club Cattle Sale will be held at the Oklahoma Auction Center here beginning at 2 p.m. on Sunday, Oct. 15.

One of the calves sold in the Central Oklahoma Club Cattle Sale last year later was judged Grand Champion Steer at the 1978 Indiana State Fair and sold for \$14,000. There will be many half brothers to that steer and calves represented from the same herd are consigned by Jon Brown.

Selling will be 80 steer calves born from January to May 1978; and 10 outstanding heifer calves of the same ages including Angus, Shorthorn, Maine-Anjou and Limousin.

The best calves include Shorthorn, Hereford, Angus and crosses selected from top herds that have produced many state and national

Just ask Shorthorn producer Bob Fuller of Stearnsboro Rock, Iowa. He reports bulls that are born uncircled, that weigh at 516 pounds and that gain 4.20 pounds per day on a 140-day test, and that weigh 1,189 pounds at one year.

Shorthorns have always had the ability to grade choice, so when you put it together here is a breed that does it all.

Through the efforts of ASA's advancement programs and study and research by individual breeders Shorthorns' improvement strain is increasing all the time.

No fills... no fancies. Just a breed that means higher profits for you.

And that's no bull!

Rate of gain is important — and Chianina bulls have proven they are fast gainers: One recently broke all the average daily gain records at Noble Foundation at Ardmore, Okla., with 4.79 lbs. ADG. Another topped the 140-day test completed July 12 at Cooke County College with 4.61 lbs. ADG, AND did it with the best feed conversion ratio of all bulls in that test, one pound of gain for each 5.27 pounds of feed.

THAT'S THE "BOTTOM LINE" IN THE BEEF PRODUCTION INDUSTRY  
The Texas Chianina Assn. has a group of bulls on feed test in South Texas that will sell Nov. 5 at San Antonio...

### Chianina Bull Test Underway; Sale At San Antonio Nov. 5

Gonzales — The Southwest Region of the American Chianina Assn. has 84 three-quarter and four purebred Chianina bulls on a performance test at Cannonado Ranch directed by Tommy Hoegelin near here that were "dogged" well through the first 30-day weight gain test that nobody would believe if we told them," said Britt Kennard, Austin, test chairman, and president of Texas Chianina Assn.

The test site is about six miles out of Gonzales toward Shiner, on the right. Anyone is invited to stop in and look at the bulls, or call 612/540-4702 for an appointment.

The test began June 25 and will end Oct. 25, and will be followed by a sale of the performance tested bulls on Nov. 5 in Joe Freeman Coliseum at San Antonio. That sale will be at 2 p.m., following a membership meeting of the association at 8:00 a.m. that day.

Topics slated for discussion in the meeting are next year's bull test and preparations for the Southwest Region Chianina Female Sale at Houston's Livestock Show in 1979.
